Moon Landing

"That's one small step for man, one giant leap for mankind." - Neil Armstrong

QCP Shoots for the Moon and Promotes a Loving Environment for 69 Years

Since 1950, when QCP was founded by parents whose children had cerebral palsy and other developmental disabilities, QCP has grown to become a major provider of services for people with developmental disabilities in Queens.

QCP's focus is getting people we serve out into the community either at volunteer sites or community-based employment. QCP's Supported Employment Program finds jobs in settings such as department stores, supermarkets, and offices. Our Day Services Program helps the individuals work on skills that enable them to be more independent at home and in the community. The QCP Children's Center provides intensive training in cognitive, motor, socialization and communication skills necessary to mainstream the children into public schools.

QCP invites you to look back at the "Summer of '69" and celebrate with us the spirit of the era, and the accomplishments of four outstanding individuals in our community. This year, we are honored to recognize **Douglas J. Meyer**, Senior Vice President, Bank Leumi; **Francine Salomon**, President, J.F.A. Insurance Brokerage & Associates, Inc.; **Nancy Vargas**, CEO, DH2 Chauffeured Transportation; and **David I. Weprin**, Assemblyman, Assembly District 24.

We are very pleased to honor Douglas, Francine, Nancy, and David for their ongoing support, dedication and service to the communities in which they live and work and we are grateful for their support and this opportunity to honor them.

Proceeds from the evening will help QCP continue to offer a variety of programs and services to over 1,500 individuals and their families on a daily basis. It is through our comprehensive programs, we are able to promote the independence of the people we serve and provide them with the resources they need to make the most of their talents, abilities and interests, which allow them to reach their fullest potential.
